ABHIRAM S KUMAR

MEARN Stack Developer

abhiramskumar75@gmail.com • 8590292642 • Alappuzha

Objective

Result-driven BCA graduate with expertise in MERN stack development , specializing in building scalable , user-friendly applications. Proficient in front-end and back-end technologies , agile development and collaborative teamwork

projects

EVENTIVE

MERN Stack

- An event management website with features for event listing, ticket booking, and user account management
- Utilized React-Bootstrap, JavaScript, Express.js, MongoDB, and Node.js to build the website with a focus on security, scalability, and performance

PET HUB

MERN Stack

- Developed a buy-and-sell platform for pets, similar to OLX, where users can list and purchase pets
- Designed a responsive and user-friendly UI using Handlebars for easy navigation
- Optimized database queries to enhance search and filter functionalities

AUDI CLONE

HTML / Tailwind CSS

- Developed a clean and responsive website using HTML and Tailwind CSS similar to the audi car brand website
- Recreating the dynamic and sleek UI similar to the real audi website
